## Ongoing Discussion of Proposals

*Join the discussion today*

Behind the scenes, the first class of Elected Administrators has been hard at work laying the foundation for how the Captain format's governing body should operate. This work includes, but is not limited to, informal Community Proposal discussion, scheduling meetings, the designation of duties, implementation of Constitutional requirements and suggesting improvements, as well as creating tools to gauge community input.

Unfortunately, these plans hit a roadblock when our elected Scribe stepped down from the position. However, the EAs are excited to have their first official meeting as soon as a new Scribe has been elected. If you are interested in EA discussions behind the scenes you can join and view their server here: (<https://discord.gg/8ZTyURhV4>).

Captain has made massive progress despite the snags along the way, all due to your ongoing support of this community, so thank you for sticking with us.

# Snap Election

*Elected scribe position needs to be filled*

With the elected Scribe position vacant, the Constitution requires a freeze on any format actions aside from the holding of an emergency election to fill the position. The candidacy period for this election began on 1/15/21 and will conclude on 2/14/21 after which the 7-day election period will commence. If you are interested in contributing to the Captain format through this position we encourage you to sign up here: (<https://mtgcaptain.cards/ScribeVote>).

Announcements will be made on all of our platforms when the election begins and where you can vote.

# Scribe steps down

*Farewell HobbitWhoCould*

HobbitWhoCould has formally stepped down from the elected Scribe position due to personal reasons on Jan. 10th. We are sorry to see him leave, and we would like to take this opportunity to thank him for all the hard work he has done for the community. You can find Hobbit's resignation letter here: (<https://mtgcaptain.cards/ScribeVote>).
